## Returns Home to Die.

R. Lowry, who has been at his door for several weeks at Knoxville, Mo., was brought to Winchester this week and taken to the home of his uncle, Eld. M. P. Lowry. He was anxious to see his mother once more before death, thus his mother, Mrs. Nelson Lowry, of this county rushed to his bedside, but only to find that her son had succumbed but twenty minutes before. The funeral was preached at Log Lick yesterday.

Mr. Lowry was a native of this county, being a son of Mr. and Mrs. Nelson Lowry. He married Miss Edith Christopher, of Spout Spring, who survives without any children. He moved ten years ago to Illinois, but was on his way to Colorado for the benefit of his health when he was stricken down.

## Stanley's Great Work.

Congressman Owsley Stanley went after the Imperial Tobacco trust at Morganfield last week and succeeded in securing a verdict of guilty. Both concerns, of Great Britain and Ireland, were each fined \$3,500 and the conviction carries with it a forfeiture of their Kentucky charter. Congressman Stanley has done more for the tobacco grower of Kentucky than any other man living today and the grower, who will fail to support this gifted Kentuckian for the U. S. Senate is indeed bereft of gratefulness. It is an undisputed fact that Congressman Stanley has fought the burdensome corporations and trusts with more success than any other public official.—Winchester Democrat.

## Insurance Rates Adjusted.

Adjustment of the dwelling rate troubles between the State Rating Board and the fire insurance companies operating in Kentucky seems at hand.

Representatives of both sides have held conferences and it is reported that agreement has practically been reached.

This means that more than ninety companies which withdrew from Kentucky December 1, declaring rates fixed by the State Board were prohibitive, will return. Announcement of the terms of agreement is expected in a few days.

## Game Laws to be Amended.

Measures seeking to recodify and amend the fish and game laws will be submitted to the next Legislature for passage. J. Quincy Ward, executive agent of the Fish and Game Commission, is preparing the new measures with the assistance of the commission, and many changes in the present laws will be asked.

A bill seeking to protect all fur-bearing animals, such as beaver, mink, raccoon, otter, opossum, skunk, fox and muskrat, will be introduced, which will make the open season for hunting such animals from November 1 to April 1. The present open season begins in September, and Mr. Ward says that the change is made because the fur of such animals is worth four times as much in November as in September.

A limit of the number of game birds to be bagged in one day is fixed at fifteen, and all violators of the law will be fined not less than \$15 for each offense. The open season for killing doves will be from the first of August to the first of September, the number to be killed in one day not to exceed fifteen.

In order to improve the fish conditions, no fishing will be allowed between April 1 and June 1, and the use of artificial bait in the spring will be expressly prohibited. No nets of more than one-half inch mesh, ten feet long, can be used. The use of steel balls in shooting fish is prohibited by the present law, and an amendment prohibiting the use of lead balls will be made. The practice of dynamiting streams for fish is one of the hardest problems that the commission has to deal with, and the new measure will provide that this be made a penitentiary offense. A fine of \$25 is imposed by the present law for seining. The fine will be increased to \$50 for each offense.

## Votes Must be Counted.

The Court of Appeals has affirmed the judgment of the lower courts in election cases of Breathitt and Estill counties. This means that the votes in each county must be counted as cast and this will elect Judge Hugh Riddell. Judge Riddell's many friends in this county will rejoice at his ultimate success.

## TO OUR SUBSCRIBERS.

A statement of the expiration of subscription will be placed in every subscriber's paper next week whether they are in arrears or not. If you are paid in advance, it will serve as a receipt and if you are indebted to this office, the statement will inform you how much you owe so you can send it in, if convenient. This will be no dun, but is to show each subscriber how he stands on our books. If we make a mistake and get your account wrong, notify us and we will correct it. There is most sure to be some mistakes in making out so many statements.

Do not get offended and think we are trying to force you to pay up, for such is not the case. We want you to continue to be our reader first of all, so if not convenient to pay up now, it is all right, but if convenient, we would be glad to receive your remittance by Jan. 1st, paying for one year in advance. We want to buy a new press and enlarge our paper, and to do this we must collect up so much as possible. One advantage in paying now is you can get the paper by the first of the year for 50c. When the paper is enlarged the price will also be enlarged to \$1 per year.

## One Acquitted, One Convicted.

Leonard Fluty, the seventeen-year-old slayer of T. D. Berryman, in Clark county about one year ago, was acquitted of the charge at Winchester last week.

Chas. Hollon was found guilty of voluntary manslaughter in the killing of Lewis Brandenburg in Clark county last fall and sentenced to from two to twenty-one years in the penitentiary.

## First Case Typhoid.

George Aines brought his fifteen-year-old son afflicted with typhoid fever from Heidelberg to this city last week. This is the first case of typhoid in the city for a long time, and it didn't originate here. Clay City is usually free from this serious disease, rarely ever a case developing in this city.

A. O. Barnes left Tuesday for Illinois where he will visit relatives for a while and then go from there to Miami, Texas to spend the winter.

A. T. Whitt, the efficient cashier of the Clay City National Bank, is confined to his home with tonsillitis.

## For Sale.

My farm of 120 acres at Kimbrell, Ky., including store house and stock of goods. For further particulars call on or write W. G. Patrick, Postmaster Kimbrell, Ky.

## Timber Lands Wanted.

I want to buy a tract of from two thousand to ten thousand acres of timber land in fee, for immediate operation. If you have any land to sell write me fully giving number of acres, stating whether in solid tract or not, kind and quantity of timber per acre, on what waters, if any, distance from railroad and lowest price per acre. Send plat or blue print if you have one. On receipt of this information if I am interested I will immediately send some one to look at the land. JAMES S. LAKIN, 403 Capitol st. Charleston, W. Va.

## STANTON NEWS.

Rev. J. W. Hall, of Lexington, will preach at the Christian church the coming Sunday.

Dr. S. P. Hammons returned home at Jackson after spending a busy week in Stanton.

Dr. I. W. Johnson entertained his Sunday School class one evening the past week at his home with games and refreshments and all reported an enjoyable evening.

The Teachers' District Association held at Roselyn last Saturday was a marked success from every point, perhaps save that there was not the number of citizens present, that should have been. The writer thinks that these meetings are for the people and the trustees as well as for the teachers. Numbers of questions are discussed at the meetings that are good for all. We think and hope that Powell county has just before it a period of educational and good roads progress that will far exceed anything that has ever been.

Fiscal Court and Quarterly Court have been in session this week and the most important question before the Fiscal Court was the question of making a road through the valley rather than let it remain as it is, on the hills between Stanton and Clay City. To the people here and elsewhere and to the community in general, there is no doubt that the new road is the proper thing, and there is no doubt that this is the time to make it. It does seem that when a level road is made between Clay City and Stanton that it will put Powell county in far closer touch with the outside world, and will open a gateway to us and also to the outside world, and will be the beginning of a good roadway through the entire county up the valley and will put the whole county in touch with the markets, and when the roads are improved in this main valley-road, the property of the county will be worth far more money. People cannot get into the county to see what we have, and when they do get in they say we have no roads by which they could get about. Good roads and good schools should be the uppermost thought in every man's mind, and miracles can be accomplished.

The Fiscal Court dismissed its sittings without doing anything definite and it is hoped that they will soon meet again and make it possible for this road to be constructed.

The present school board of the Stanton Graded School found, when it came into office that there was some kind of arrangement between the Graded School and the College, by which the two schools were operated practically as one, and that the Stanton Graded School building was not being used for school purposes for the time being, and during the interim some persons entered and took possession of the property, the board thereupon instituted legal proceedings to oust those persons, and this suit is still pending, in the meantime, the board made an arrangement with the Stanton College for the present year, by which it leased of the Stanton College its buildings and grounds for school purposes, and is now conducting the school there

under the lease, which is as follows:

"This contract made and entered into this the 24th day of July, 1913, between Stanton College, of Stanton, Powell county, Ky., of the first part, and the Board of Trustees of the Stanton Graded School, of said County and State, of the second part.

WITNESSETH:—That the first party has leased to the second party the Stanton College Building, together with the Campus and property attached thereto, consisting of about ten acres of land, located in Patrick's addition to the town of Stanton, for a period of one year, beginning July 1, 1913, in consideration of the second party keeping up the repairs and incidental expenses attached to the building and grounds. This, however, does not include any injury or damage to the property by reason of storms or fires or accidents other than should occur from reasonable use of the property for school purposes. The said second party having complete control and care of said property during said year. And it is distinctly understood that the property shall only be used for school purposes. The building may be used for such entertainments as may have connection with the school in the way of lectures, teachers' meetings, and board meetings.

Stanton College,  
By J. C. Hanley, Pres.  
Board of Trustees Stanton Graded School,  
By R. C. Hall, Ch'm'n,  
Jno. D. Atkinson, Sec.

We understand that before this contract was entered into Mr. Atkinson representing the Stanton Graded School had a conference with State Superintendent Hamlett and procured his advice in the matter as to what and how the Stanton Graded School might operate for the present year, and a short time ago having been informed by the collector of taxes, Mr. T. C. Hall, that a few persons in the district had declined to pay their taxes, Mr. Atkinson forwarded a copy of this contract to the State Superintendent, and received the following reply:

Dec. 1, 1913.

Mr. Jno. D. Atkinson,  
Stanton, Ky.

Dear Sir:—I have your favor of the 25 inclosing contract in the matter of a lease between Stanton College and Stanton Graded School. This contract seems to be O. K. and will be filed in our office.

With best wishes I am

Very truly yours,

Barksdale Hamlett, State Supt.

The Stanton Graded School Board was convened on Saturday and proceeded as follows:

"Stanton Graded School Board met pursuant to call of the chairman Dec. 6th 1913. Present, R. C. Hall, J. S. Ewen, J. W. Williams, I. W. Johnson and Jno. D. Atkinson.

On motion T. C. Hall, collector of taxes for the district, is directed to proceed to collect all taxes due the district by Jan. 1st, 1914, and, if necessary, to proceed to levy and sell such property as is necessary to complete said collection."

If in the past there has been any misunderstanding about the school management, we hope that the foregoing statement of facts will be sufficient to justify the best thinking people that they ought to pay these small sums and thus add to the advancement of the community's interests for the good it is to the little fellows who "can't help themselves."

Governor A. E. Willson notwithstanding, the preceding State Republican administration did far more to curb the raid of the trusts than the present Democratic administration has done or seems disposed to do. Because the administration is wilfully and knowingly allowing certain corporations to trample the Constitution and statutes underfoot, is no reason that the Democratic party is a corporation party. We are merely calling attention to this fact that the Democrats may get their eyes open and put men at Frankfort in the future who will truly represent the policy of the Democratic party, and put these sound doctrines into practical execution.

In some instances, however, like assessing the railroads, good work has been done. In these cases the State has had the aid of Justus Goebel and John F. Rich. Thus due credit must be given each of these gentlemen.

We regret to see some of the authorities at Frankfort lay down on the interests of the common people, wink at the laws of the State and refuse to do their sworn and paid duty, to uphold the laws and Constitution of the State. They are doing this too at the behest of certain corporations.

"Are the Corporations the masters or servants of the people?" is the language of Goebel inscribed upon his statue entering the Capitol. The answer to this question is, "They are the masters."

We long to see the day when Justus Goebel, Owsley Stanley and their like, will be in the saddle. There is no compromise with us, none other doctrine appeals to us. We are for the people; and against the monopolies.

We still favor the recall of decisions of Judges and the Judges themselves, and there is hardly a day that the benefits of such a law are not more forcibly impressed upon us. Take the Lexington telephone rate case for instance in which it was the opinion of this high tribunal that a few men organized into a board of City Council had a right to grant a privilege to a telephone company to raise the rates when the franchise forbids them from so doing. This may be law, and if it is a law it is a poor one, and just such laws and opinions as these are what are making Socialists by the thousands. Give us the recall and stop making Socialists.

When private citizens and public officers have to take

it upon themselves to test laws and enforce laws that others are paid to do, it seems pretty unfair, but yet such is the case. We are glad to see the two Constitutional amendments are to be tested in the courts, though upon the individual responsibility of a State Senator in the person of Geo. G. Speer, of Frankfort. This is one neglect of duty on the part of Secretary of State Crecelius we are proud of because we feel sure that had the people of this State known what was really begin considered, the amendments would have both been lost.

"The Kentuckian" is the name of a new paper started at Jackson by Ryland C. Musick, a former editor of the Jackson Times. The Kentuckian is a splendid paper and has a good field to operate in. It will be moved to Frankfort the first of the year. Just such a paper is needed at Frankfort. We do hope to see the Kentuckian shed some light on some of the rottenness now existing among some of the gang at the State Capitol.

## SPOUT SPRING.

Our school will close the 19th with an entertainment.

Manson Curtis is moving to the Geo. Ware farm near this place.

Most all farmers in this vicinity have butchered hogs this week.

Dr. H. M. Winburn has sold his place here to C. H. Sams, of Sams, Ky.

## Rosslyn.

Mr. Isaac Lowe made a trip to Stanton Saturday

Mr. Peach Martin made a trip to Cat creek Sunday.

Mr. and Mrs. Alvin Martin visited Mrs. Jacob Neal Sunday.

Mr. Wayne Bowen, of Slade, was down calling on his best girl Sunday.

Mr. and Mrs. Shelby Wills visited Mrs. D. W. Martin Saturday and Sunday.

Mr. A. M. Lowe made a business trip to Lexington last week in behalf of the firm, Lowe & Crowe.

Mr. and Mrs. Geo. P. Burke went to Winchester Monday to attend the wedding of their niece.

There will be an entertainment on the 18th inst. at the Methodist church, given by the Rosslyn school. Every one is invited to come.

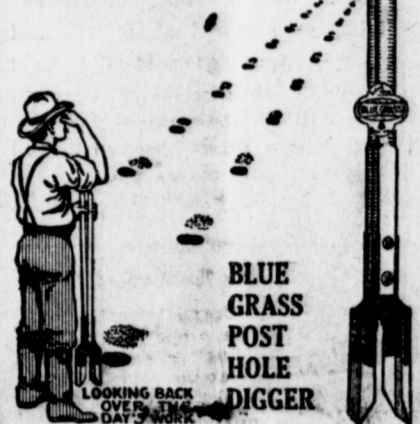

## NOTICE.

I have visited each Magisterial District in the County according to law and after having done this, all who have not paid their taxes are required to come to my office and settle on or before the first day of December. After that date a penalty of 6% and 6% interest will be added, and we will at once proceed to collect these taxes as the law directs by levying, garnisheeing and etc. T. C. Hall, Sheriff.

## Did You Ever Devote an Entire Day to Digging Post Holes?

PROBABLY YOU HAVE—AND MORE THAN THAT. In looking back over our day's work we like to feel that we have accomplished something, be it the digging of post holes or the useful exertion of our energy in some other direction.

Your day's "showing" lies not in the amount of work, but in the amount of holes.

With the Blue Grass you can with the same amount of labor accomplish far greater results—dig more holes—because it has the stiffest blade and cuts the deepest hole with the least expansion of handles—and least exertion.

The handles are hickory, the frame malleable iron, the blades OCTAGON shaped FORGED steel.

The Blue Grass has so many good points over any other Post Hole Digger, that we'd really want you to try it. There's always a little plot of ground around our premises available for the purpose.

The ladies of the Christian church will give a bazaar at the Central Hotel sample room Saturday.

**Croup and Cough Remedy.**

Croup is a terrible disease, it attacks children so suddenly they are very apt to choke unless given the proper remedy at once. There is nothing better in the world than Dr. King's New Discovery. Lewis Chamberlain, of Manchester, Ohio, writes about his children: "Sometimes in severe attacks we were afraid they would die, but since we proved what a certain remedy Dr. King's New Discovery is, we have no fear. We rely on it for croup, coughs and colds." So can you. 50c. and \$1.00. A bottle should be in every home. At all druggists. H. E. Bucklen & Co. Phila. St. Louis.—Adv.

Mrs. James Campbell Canrill, wife of Representative Cantrill, died at her home in Georgetown this week.

The bridge across K. U. Company's mill race on 7th avenue, which was washed away March 26th is being put in again.

The negro Councilman elected at Winchester in November chose not to serve, but sent in his resignation the first meeting night.

**Constipation Poisons You.**

If you are constipated, your entire system is poisoned by the waste matter kept in the body—serious results often follow. Use Dr. King's New Life Pills and you will soon get rid of constipation, headache and other troubles. 25c. at Druggists or by mail. H. E. Bucklen Co. Phila. & St. Louis.—Adv.

We have had some very cold weather this week, ideal hog killing weather, and many farmers have taken advantage of the season.

Plans are under way to build a modern hotel in Mt. Sterling to rival that of any hotel in any city near the size of Mt. Sterling. Judge H. Clay McKee is to finance the project.

There will be Christmas entertainment at the Methodist church during the holidays. Knowing the ladies at the head of the entertainment as we do, we do not hesitate to assure our readers that it will be a decided success.

**Dr. Hobson's Ointment Heals Itchy Eczema.**

The constantly itching, burning sensation and other disagreeable forms of eczema, tetter, salt rheum and skin eruptions promptly cured by Dr. Hobson's Eczema Ointment. Geo. W. Fitch, of Mendota, Ill. says: "I purchased a box of Dr. Hobson's Eczema Ointment. Have had Eczema ever since the civil war, have been treated by many doctors, none have given the benefit that one box of Dr. Hobson's Eczema Ointment has." Every sufferer should try it. We're so positive it will help you we guar-

antee it or money refunded. At all Druggists or by mail 50c. Pfeiffer Chemical Co. Philadelphia & St. Louis.—Adv.

The Standard Spoke Company will start up their plant Jan. 1st. This plant has been lying idle for some time, and its starting again will be of material benefit to the business of the town.

The Methodist ladies will give another of their successful oyster suppers at the church, Saturday, the 27th. Come every body a get a fine oyster stew, 15c or fried oysters and coffee, 25c. Also ice cream and cake, 15c.

The Irvine Sun, emitting from the cloud of dumbfounding election returns in Estill county, began shining again last week. The pressure to revive the paper was too great for Editor Walker to withstand, so he begins newspaper life anew with brighter prospects than ever for success.

**Stomach Troubles Disappear.**

Stomach, liver and kidney troubles, weak nerves, lame back and female ills disappear when Electric Bitters are used. Thousands of women would not be without a bottle in their home. Eliza Pool, of Depew, Okla. writes: "Electric Bitters raised me from a bed of sickness and suffering and has done me a world of good. I wish every suffering woman could use this excellent remedy and find out, as I did, just how good it is." As it has helped thousands of others, it surely will do the same for you. Every bottle guaranteed, 50c. and \$1.00. At all druggists. H. E. Bucklen & Co. Philadelphia or St. Louis.—Adv.

**It's the Cutting Edge.**

Your scythe may have the proper "set", may "ring" true, have back of ample strength—and still be wanting in the cutting edge.

Often, scythes that are perfect otherwise, have one or more soft spots along the edge—are not uniformly tempered—have a hidden flaw. But—the one defect means the difference between a good and a poor scythe.

**BLUE GRASS SCYTHES** are a perfect product of the scythe maker's skill. Perfect from point to heel—from cutting edge to back. The steel used is of an extra special high grade. Blade is oil finish with polished edge and back. Sharpened ready for use.

We have every confidence in the quality of Blue Grass Scythes. That's why we can afford to guarantee them.

John Ballard has bought land of E. K. Meadows and will move there.

Tom McCoy, of Xena, has rented one of Randall Hank's farms on South Fork.

Mrs. J. H. Mullens, of Lombard, was visiting friends and relatives here last week.

Dock Spencer, the noted "hoss jockey" has been "tradin' 'gin". If Dock can't tell you all you want to know about a "hoss" we advise you to look at Sec. 5, paragraph 8 of Doctor Toodle's Encyclopedia.

Gentle reader, are you a subscriber to the Clay City Times? If not, then hasten to the postoffice and send your name and address, together with a map of the mint to J. E. Burgher, Editor and proprietor of said paper. Cousin John is ready, willing, and waiting to help us pull Powell county out of the rut, where she has been anchored ever since a county was made out of the present territory.

## \$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the

medical fraternity Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in

doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address:

## Farm Drain Tile

Make Your Wet Land Productive.

By the use of drain tile you can turn that low, wet, useless, swampy field into the most productive spot on your farm. Good tile, properly placed, not only carries off surplus water, it admits air to the soil and makes it easy to work. It improves any soil. The increase in the value of the land is many times the cost of the tile. The first year's crop from tiled land pays for it. Any body can do the work successfully. Write for particulars or call at our plant.

## COULD SCARCELY WALK ABOUT

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Vincent, of this town, "and the third and last time, was my worst."

I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework.

I also had dreadful pains in my back and sides and when one of those weak, sinking spells would come on me, I would have to give up and lie down, until it wore off.

I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I firmly

believe I would have died if I hadn't taken it.

After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely.

I fattened up, and grew so much stronger in three months, I felt like another person altogether."

Cardui is purely vegetable and gentle-acting. Its ingredients have a mild tonic effect, on the womanly constitution.

Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, sallow cheeks, fresh and rosy.

Cardui has helped more than a million weak women, during the past 50 years. It will surely do for you, what it has done for them. Try Cardui today.
